**APPLICATIONS FOR INSTALLATION OF SERVICE PIPE 1" OR SMALLER IN DIAMETER
FROM TOWN'S MAIN TO STREET LINE ONLY.**

Please Note: This application MUST include a SITE PLAN which shows all existing/planned utilities, including septic systems.

Also, before this application can be approved, it is mandatory that the billing address for this work is included, either current owner name and address, or contractor name and address that will be paying this, and future bills associated with this property:

Bill to Name and address: _____

Date: _____ **Telephone:** _____

The Undersigned, _____ owner of the premises at, _____ requests the Town of Weston to issue a water service connection permit in order to allow a connection from any building or premises to the Town's water system. Water service connection fees are established to maintain and upgrade the existing Town's water system. The sum of \$1,000.00 paid by the undersigned, to the Town of Weston herewith is in payment of the water service connection fee.

The Town may, at its option, perform the installation work between the main and the property line/curb stop at a cost to be borne by the applicant. The charges for all work shall be based on a material and labor fee schedule that is approved by the Town. The service pipe between the main and the side line of the street and such fittings shall belong to the Town of Weston.

The undersigned requests of the Town of Weston to provide a metered supply of water to the premises through a service pipe. Such supply shall be subject to the present regulations of the Town of Weston Water Division and those which may be established from time to time in the future.
